

## Instruction to fill up the IDRN data collection formats

1. The data flow for IDRN database is as depicted below:

### Work Process

2. The data collection formats are intended to be filled up by the line dept/ agencies/ organizations and the whole exercise will be coordinated by the District Collector.
3. The format need to be sent to all line dept/ agencies from the district administration and need to be collected within a week. Then the data entry should be done at the district level under the district collector's authority.
4. The format is divided in to two parts '*Form1*' & '*Form2A, 2B & 2C*'.
5. *Form1* contains details of the line dept/ agency having the equipment and need to be filled up by the concerned line dept/ agency. It also contains a standardized set of equipments under it's corresponding Activity & Category with codes.
6. The equipments available with the department/ agency from the list first need to be identified.
7. *Form2A* contains the details of the **Equipments**(Equipments used in emergency response e.g. Cutters, excavators, fire tenders etc.).
8. *Form 2B* contains the details of **Skilled human resources**(*People with various skill sets & expertise in emergency operation*)
9. *Form 2C* contains the details of **Critical Supplies** (Consumable items which requires very frequent update e.g. Medicines)
10. The item code and name need to be carefully entered referring from *Form1*
11. Utmost care should be taken when entering the description of the item. The description should contain the capacity/ size or type of equipment. viz. for generator capacity in KV, weight or size, petrol/ diesel/ kerosene etc need to be mentioned.
